

Taco 0012 3 speed Stainless Steel Circulator Pump 1/6 HP

Out of stock

\$626.98 USD

SKU: 0012-MSSF1-IFC

The 0012 3-Speed pump is a direct replacement for Grundfos, UPS43-44 3-Speed. Designed for high flow / low head applications. It's ideal for large BTU boilers, primary boiler loops and large recirculation systems. The Stainless Steel 0012 should be used for open, potable water applications.
