

1/2" Grey 260" x .004" (1.5g/cm³) High Density Stainless Steel T-Tape

\$5.53 USD

SKU: 12TTAPE260SS

Specialty PTFE thread seal tape is thicker than standard PTFE tape and has a higher density. They are color coded for specific applications. This thread seal tape is for all stainless steel fittings and is thicker with a higher density for coarse stainless steel threads. It has nickel pigment color added and prevents galling, seizing and corrosion. Engineered for all stainless steel fittings to deliver a premium finish that reduces exposure. Also compatible with piping materials including but not limited to, galvanized steel, iron, brass, copper, polyethylene, polypropylene, PVC & CPVC.
