

1/2" Female NPT Angle Radiator Valve Set, Supply & Return

\$49.95

SKU: 12NPT12BSPANG

1/2" Female NPT Radiator Valve Set comes with both the supply and return valves. The valves in this set are both angle and will work with virtually all steel panel Radiators or Towel Warmers. The supply valve can be opened and closed manually or a common manifold actuator can be installed on it to control the flow.
