\$221.76 USD

SKU: EVOH5-500N

VesiHeat OxyGuard PEX-a is the most versatile PEX tubing available. It works with virtually every connection type including F1960 and F2080. The high temperature peroxide (or Engel) method of cross-linking creates the most stable cross-link chain and the highest crosslinking percentage, for the most durable and flexible product. With superior odor and taste properties through increased material stability, VesiHeat PEX-a is the most reliable PEX tubing on the market.
