

1/2" Blue AquaSeal PEX-c Tubing, (300 ft Coil)

Out of stock

\$110.73

SKU: 20305o

PEX-c while being more rigid and cost effective than PEX-a it still has many of the same properties. The flexibility of the cross-link allows the pipe to be expanded to work with both F1960 and F2080. It can also be crimped using the F1807 and F2159 connection systems. AquaSeal PEX-c is very easy to install, the flexibility allows for the use of less fittings, creating less pressure loss in the system.
